

The following table is based on SAMHSA data as of 3/31/2022. The first column represents the number of patients designated for patient treatment capacity. Illustratively, 30E represents the level for practice guideline exemptions (no training). 30 represents practitioners that may treat up to 30 patients. 100 level represents treating up to 100 patients. 275 level can treat up to 275 patients.

<u>Patient Treatment Capacity</u>	<u>Practitioner Capacity</u>	<u>Total Patient Treatment Capacity</u>
30E	12,822	384,660
30	72,880	2,186,400
100	26,899	2,689,900
275	8,510	2,340,250
Total	121,111	7,601,210
